

SEMINAR ON LEGIONELLA CONTROL

TUESDAY 14TH SEPT 2010 from 10:15am to 12:01pm

Where? Kinnarps, First Floor, Unit 3, Turnberry Business Park, Gildersome, Morley, Leeds LS27 7LE

Who will benefit? All those people who have clients with buildings or properties that are workplaces. They should have a competent legionella control consultant. So commercial property lawyers, chartered surveyors, facilities management or services, health & safety advisors, building managers or associated people.

Objectives: To educate, inform and entertain you so you can advise your clients and contacts about legionella control.

1. Cooling towers pose a serious risk
2. Dirty and rusty cold water storage tank provides nutrients to legionella bacteria
3. Showers produce droplets that can be inhaled, dirty head allows bacteria to multiply

Cost £zero to you. We'll cover the cost of room hire, refreshments, handouts, literature etc. Parking on site or on the road is free.

Is there a catch? Nope, we're counting on you pushing business our way afterwards (or even before, that would be great).
